

PREVENTIVE CARE DRUG LIST, OCTOBER 2014

Preventive Drugs are medications that MVP Health Care, in conjunction with its Pharmacy & Therapeutics (P&T) Committee, has determined may prevent the onset of a disease or condition when taken by a person who has developed risk factors for a disease or condition that has not yet manifested itself or has not become clinically apparent (asymptomatic), or may prevent the recurrence of a disease or condition from which a person has recovered.

High-Deductible Health Plans (HDHPs) may provide benefits only after a deductible has been met. However, Federal regulations do allow safe harbor coverage for qualifying preventative services and medications (those listed below) prior to the deductible being met. The preventive safe harbor does not include any drug or medication used to treat an existing illness, injury or condition. A rider to allow this preventive coverage is required.

Medications on the Preventive Drug List are subject to Formulary and Tier status as well as pharmacy management programs such as prior authorization, step therapy, brand/generic difference pricing and/or quantity limits. Refer to the Prescription Drug Formulary online at www.mvphealthcare.com for more detailed information about coverage and Tier information.

This list is not a guarantee of coverage. Your specific plan documents determine your benefits, limitations and exclusions. While every effort has been made to ensure accuracy, some information may be out of date. The Preventive Drug List is subject to change based on decisions made by the P&T committee.

For drugs on this list that have a generic equivalent, *the member will be responsible* for an additional cost share of the difference in cost between the brand and the generic drug. Some plan designs do not cover brand drugs when a generic is available

If you need more information about the content of this list, contact the Customer Care Center at the phone number listed on the back of your Member ID card.

ACE INHIBITORS

ACCUPRIL
ACEON
ALTACE
BENAZEPRIL
CAPTOPRIL
ENALAPRIL
EPANED
FOSINOPRIL
LISINOPRIL
LOTENSIN
MAVIK
MOEXIPRIL
PERINDOPRIL
PRINIVIL
QUINAPRIL
RAMIPRIL
TRANDOLAPRIL
UNIVASC
VASOTEC
ZESTRIL

ADRENERGIC ANTAGONISTS & RELATED DRUGS
