The presence of a drug on this list does not guarantee coverage. Your benefit plan determines coverage of medications. In any instances where there are differences between this reference guide and your benefit plan documents, the benefit plan documents will govern.

The presence of a drug on this list does not guarantee specific coverage benefits. In some cases, additional information — such as the dose of the medication or the age of the member — must be taken into consideration when determining benefit.

All medications listed are still subject to formulary management, such as preauthorization, step edits, quantity limits, and tier placement.

This list is subject to change and may include additional drugs based on your plan benefits.

Revised January 25, 2018

BlueShield of Northeastern New York complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
