** Only for 40- to 75-year-olds with no prior history of heart disease treatments, but with evidence of risk factors.

*** With no history of HIV treatment.

**** You should speak with your provider about which vaccines are appropriate for you. Age and quantity limitations may apply.

Get preventive medications at no cost to you.

Did you know that a lot of your preventive care medications are available at no cost to you? It's true. The federal Patient Protection and Affordable Care Act (PPACA) has designated certain types of drugs as preventive, meaning they can help you stay healthy.

The good news is that your Highmark Blue Shield of Northeastern New York (Highmark BSNENY) health plan covers many of these preventive medications, as well as certain health products just for women, at no cost to you. That means you won't have a copay, coinsurance, or deductible. Pretty great, right?

Medications included on the list

The medications on the provided list are available to you at a \$0 cost share, unless otherwise indicated.

This isn't an all-inclusive list and may be subject to change. Keep in mind that the Affordable Care Act allows certain employers to exclude contraceptives from coverage due to religious beliefs.

To make sure a drug is covered at a \$0 cost share, please log on to your Highmark BSNENY member website or call the Member Service number on the back of your member ID card.

Choosing the preventive medication that's right for you

The Affordable Care Act requires coverage of many preventive medications at a \$0 cost share. Talk to your doctor to find out which medication or product may be right for you. This guide is a helpful reference, so make sure to keep it handy.

And remember — you'll need an official prescription from your doctor to have your preventive prescription medication or over-the-counter product covered by your Highmark BSNENY plan.

As always, we wish you good health. Thanks for choosing Highmark BSNENY.

Highmark Blue Shield of Northeastern New York is a trade name of Highmark Western and Northeastern New York Inc., an independent licensee of the Blue Cross Blue Shield Association.

All references to "Highmark" in this communication are references to Highmark Inc., an independent licensee of the Blue Cross Blue Shield Association, and/or to one or more of its affiliated Blue companies.

Highmark Blue Shield of Northeastern New York complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
